Knowledge Plus  
Leverage Program PR

## An aid to business success

EXPERIENCED business owners are joining a new mentor program to help develop the potential of smaller companies, says managing director of Knowledge Plus Ly Lim.

The "Business Leverage Program", launched on March 13, equips emerging companies with valuable resources and expert advice from business leaders, managers and chief executive officers.

Knowledge Plus started the program in 2006 and Ms Lim says it provides a network of support for businesses with fewer than 20 employees.

The State Government funded the program in July 2006 and also subsidised 70 per cent of the joining fee.

This means business owners will only need to pay 30 per cent of the cost for 10 months of professional and personalised coaching with four mentors.

For further information about the program, contact 1300 135 754 or go to <http://www.knowledgeplus.com.au>.
